Muskogee, Oklahoma
April 12, 2010

It's always a tragedy when human life is taken and people are injured. Like the rest of the nation, the associates of Tulsa Promenade are holding the victims of the shooting incident at the Arrowhead Mall in Muskogee, Okla. and their families in our thoughts and hearts.

Our top priority is always the safety of our guests and associates. Although you can never completely control what may happen, our mall has security procedures, technology and programs in place and we review them regularly with our associates.
